

# PRINCE EDWARD COUNTY PUBLIC SCHOOLS

**Barbara A. Johnson, Ed. D**  
*Superintendent*

March 16, 2020

Dear Parents and Guardians:

Thank you for your patience as we continue to address the coronavirus (COVID-19) and the needs of our community. The staff has worked tirelessly to ensure that there is a comprehensive and reasonable plan to provide continuity of learning and to feed all of our students. To that end, below are the plans for Prince Edward County Public Schools through March 27, 2020.

## Learning Packets

Learning packets have been carefully prepared by all of our teachers in an attempt to mitigate the loss of classroom instruction. Class/subject specific packets have been created for each child and can be **picked up at your child's school cafeteria Tuesday, March 17<sup>th</sup> through Thursday, March 19<sup>th</sup> between 8:00 am and 7:00 pm**. As we continue to practice "social distancing" as a community, we ask that you initial for the packet and immediately leave the premises. This will prevent large crowds and expedite the distribution process. Please contact the school principal at your child's school if you have any questions.

## Meal Distribution

Prince Edward County Public Schools will utilize the USDA Summer Food Service Program to provide bagged breakfast and lunch meals during the COVID-19 school closure. Meals will be available to all children up to age 18 regardless of income level. **Beginning Wednesday, March 18<sup>th</sup> through Friday, March 27<sup>th</sup> (weekdays only) meals will be distributed at designated times and locations (see attachment)**. Meals will be served "drive through style", and an adult must be present with children when picking up meals. We can only provide meals for children who are present at the time of pick up. Please contact the middle school cafeteria at 434-315-6111 if you have questions.

## Report Cards

Report cards will be mailed on Friday, March 20, 2020.

Again, thank you for all of your support during this unprecedented time. We will continue to make every effort to keep you updated, therefore, please visit our website and social media outlets daily. If you have any questions, please contact us at (434)315-2150.

Respectfully,

  
Barbara A. Johnson, Ed.D.  
Superintendent
