

PECPS is excited to announce the availability of six internet hotspots in the community. Hotspots are active from 7am-8pm in all locations and are intended for downloading, uploading, and working on assignments. Please refrain from using Zoom or video on the hotspots to ensure everyone has quality access. **Never block fire engine access at these sites.** Chromebooks can be connected in the WiFi menu to the bottom right of the screen. All hotspot networks are called 'PECPS Hotspot' and the password at all locations is lowercase 'purplegold' again, the password has no spaces and is lowercase 'purplegold.' All hotspot information will be posted on the PECPS webpage.

Spring Creek Baptist Church in Darlington Heights is also providing on-site WiFi access. We are continuing to work on providing additional internet access solutions to families and will release information as soon as possible. Thank you for your patience and the community support of PECPS.
